Picture 1: Titlescreen

Picture 2: Jim Slide

I am Jim Slide! My motto: **Sliding is fun!**

I slide in the same direction until I stop at an obstacle like a wall. On the way I try to get all the fruits. If I manage to get all fruits of a level, I get a crown and 5.000 extra points. I love crowns!

I have to restart a level, if I slide out of the screen or hit a bomb.

While the game goes on, some new items appear and they make sliding even better! But difficult levels are no problem, because I can restart them with the Esc key as often as needed.

If I am totally stuck and can't get any further, then key s skips the level and directly jumps to the next one. But I get no crown then and I already mentioned, that I love crowns, didn't I?

Picture 3: A simple level

I hate beeing rushed. Luckily, I have plenty of time! Somebody said, that the journey is the reward. OK!

The fruits:

1000 Points

100 Points

I have played the levels a lot and still havn't got enough. Play with me a new high score and reach the hidden levels. They are awesome

I don't want to spoil to much here, but some levels are not only difficult, they are quit pretty too!

Picture 4: A bit more difficult, but I can do it!

I have to go now, a lot of sliding awaits.

Have fun!
